Canada Post Expedited Service**

At Taylor Made Too Saddlery, we offer both standard and unique equestrian products and services to our customers. We have used our knowledge from 40 years experience in many facets of the horse industry to create a different kind of saddlery business that is beneficial to many people involved with horses.

Our mandate is to provide our customers with the quality of equipment and services you need to make your equestrian experience both enjoyable and safe, whether as a casual rider or an avid competitor. We have selected brands of goods that we feel will give the best value for your money. This brochure contains a list of many of the items we sell, however, we often add new things as demand requires. As much as is possible, we purchase only from manufacturers in North America. While this may limit our inventory, we wholly believe in supporting our domestic economy. If what you need is not currently part of our stock, we will try and source it for you.

At our shop, we maintain flexible hours and will do our best to accommodate the busy schedules of horseowners by offering onsite services at your stable or boarding facility for your convenience.

Over the last 15 years, we have enjoyed seeing familiar faces in our shop and meeting new ones. We feel that we have developed a trusted bond with our customers. We plan to continue this tradition for years to come.

Nan & Tom Taylor

We at Taylor Made Too Saddlery, believe in supporting our local equestrian community with horse show sponsorships and volunteering our time at events. By shopping with us, you will help maintain that support. When we all work together, we can do great things!

SADDLES

All our saddles come from Thornhill Enterprises, USA, who offer the styles, sizes and quality to suit many horses, riders and their budgets. Photographs of the saddles are on their website at www.thornhillusa.com or you can come in to our shop to see what's in stock. We have found the following to be the most popular choices which are available in the seat and tree sizes shown.

Pro-Trainer "Grand Prix"	\$1500.00
Close Contact Jumping Saddle 16 1/2, 17 or 18" ; Std., Med., Wide, or X-Wide

HORSE BLANKETS

Saratoga Horseworks is one of the leading makers of equine apparel in North America. Using only materials supplied domestically, they create custom horse clothing in many body colours and trims that not only look good and fit well but are easy to care for. The styles at **www.horseworks.com** are all available from Taylor Made Too Saddlery. Please look through their site and call us for a quote.

RIDER ACCESSORIES

While our shop's main focus is on the horse, here are some items we offer for the rider as well.

PHOENIX PERFORMANCE PRODUCTS

Tipperary Sportage Helmet **\$75.00**

The best fitting, most comfortable ASTM-approved helmet
Sizes XS - XL; Carbon Grey, Navy, Hunter, Cocoa Brown

SSG GLOVES

The best on the market with more styles, colours and sizes to choose from than we have room to print here. Please look through their website at www.ssgridinggloves.com and call us for a quote. We try to keep many of the most popular ones in stock. Great **sunglasses** as well!

OUTBACK TRADING COMPANY

Very recently we have been stocking some wonderful items from this company. They offer a huge selection of clothing but we have limited our choices to some jackets and hats, at very good prices, that we feel are the kind of apparel our customers would appreciate.

'Oxford' Oilskin Jacket **\$140.00**

Classic design with lots of pockets and corduroy trim
Insulated for Fall, Winter and Spring wear

'Packable Parka' **\$90.00**

Ripstop nylon, waterproof shell folds up into itself to form a useful backpack. Great for warm weather sudden rainshowers

GROOMING TOOLS

Keep your horse clean and tidy with these simple things

The Ultimate Hoofpick **\$17.00**

Superior ergonomic design removes the toughest packed-in dirt or snow. Easy grip handle fits solidly in your hand

The Ultimate Hoofpick Jr. **\$15.00**

Same great design but scaled down for smaller hands

LEATHER CARE

Maintenance of your tack is very important for it's longevity and your safety. We recommend using the following simple products as needed.

Rider's Choice® Saddle Soap

A 100% pure natural glycerine soap for cleaning and mild conditioning of fine leathersgoods without leaving a sticky residue.

Bar - 8 oz.	\$5.00
Spray Bottle - 650ml	\$13.00

Rider's Choice® Harness Oil

A blend of Neatsfoot and other tempered oils for deep penetrating conditioning of dried leather

Jar - 500ml	\$5.00
--------------------	---------------

Bring your soap bottle or harness oil jar back for a refill and get \$1.00 off the price.

Pro-Trainer® Saddle Food

A formulation of all natural ingredients that will soften, waterproof and protect all leathersgoods

Jar - 4 oz.	\$9.00
Jar - 16 oz.	\$18.00

FOXHUNTING APPOINTMENTS

Our involvement with the **London Hunt** over many years has given us reason to provide these hard to find items. Please call us for availability of **hunting whips, stock ties and pins** as well as **sandwich, flask, radio and wire cutter cases**.

We have also made **hound couples** and **show leads** as well as breed-specific **hunting dog collars** and everyday **custom dog collars** with **brass identification plates**.

REPAIRS AND SERVICES

If your tack suffers from excess wear or breakage, many items can be easily repaired in our shop, usually at an economical price, rather than have to be replaced. We always use top quality materials to fix what is broken. All repairs are handstitched or machine stitched as required for the best result. The following is a list of common repairs and their prices. On any other jobs, we will always quote you a price before the work is performed.

Replace throat snap on nylon halter	\$10.00
Replace throat snap on leather halter	\$12.00
Replace standing keeper	\$20.00
Replace running keeper	\$10.00
Buckle turnback	\$20.00
Re-stitch stirrup leathers	each \$20.00
Re-grip rubber reins	pair \$50.00
Replace girth elastic	each end \$50.00
Replace girth billet straps	each \$45.00
	4 or more, each \$40.00

We ask that you please clean your tack before bringing it in for repairs otherwise the added cost of time for us to do this, will be charged to you

“Spa Treatment” for your tack

Recognizing that not everyone has the time or ability to look after their tack the way they should, we offer this exclusive treatment to our customers. It includes giving your saddlery items a **thorough cleaning** then a **deep conditioning** with our Rider's Choice[®] harness oil or Pro-Trainer saddle food, as necessary, and finally a hand-rubbed finish with our Rider's Choice[®] saddle soap all in the warmth of our shop. During this time we can check for repairs that might be needed if you wish. Please call ahead and make an appointment for this service so that we can give you the fastest turnaround time possible.

SADDLE CARE

For the comfort of both the horse and rider, we offer “saddle fitting” and “saddle re-stuffing” services. Through our years of experience with horses and saddle construction, we have gained much knowledge of how saddles can affect the performance of both parties involved.

If you are experiencing difficulties between you and your horse that could possibly be due to a problem with the fit of your saddle, we ask that you call us to discuss it. We then will set up an appointment to come to your riding facility and check the fit of your saddle both on your horse at a standstill and while you ride. As necessary, we will advise you as to whether or not the saddle you are currently using is suitable for your horse or whether repairs or replacement may be required. The charge for this service is dependent on the time needed to assess saddle fit.

Saddle Fitting (local area) **\$40.00-60.00/horse**
(over 20km away from our shop, a traveling cost will be added)

The wool “flocking” used in the panels of some types of saddles, is a natural fibre which will periodically need to be replaced due to compaction and matting within the panels. In our shop, we do this by removing all the old stuffing and replace it with new wool. During this procedure, the underneath leather of the panel, normally inaccessible to the owner, is also cleaned and conditioned to maintain it's suppleness. Great care is taken when inserting the new wool to ensure the fit of the saddle remains as it was or is newly adjusted to suit the horse as required. By re-stuffing your saddle, when necessary, you will maintain or increase the comfort both for your horse and yourself.

Saddle Re-stuffing **\$250.00**
